

Anderson Lake State Park

This is a scenic area to ride in with the lake as a backdrop on well-maintained trails. Each trail is only a mile or so, but there are 5 or 6 that are easy to connect to and so an hour or two of enjoyable riding is easily done.

Getting There

About 25 miles from Sequim, follow 101 E to Hwy 20 headed to Port Townsend. After 3.7 miles, turn right onto Anderson Lake Road. The Park entrance is a little over 1 mile up this road.

Note that the park gate is only open from April to October 31. There is no parking available at other times.

Parking

Inside the park there is plenty of good trailer parking in a grassy field, and even water for horses. A Discover Pass is required and there is a further access fee of \$10/day or \$30/year.
