

President's Message

Winter 2024

January started out mild, but quickly turned to Winter with bone chilling days of weather in the teens. But fate smiled on us with January thaw temps in the 50s to close out the month. Winter is a time to regroup and make plans for the coming trail and riding season. Check out the 2024 calendar of events for all of our exciting programs, clinics, and riding events. In addition, there are many trail work opportunities so check out our website for details on when and where. If you have never been to Rendezvous, the State's annual gathering of all 30 chapters in Ellensburg, this could be the year to go. And lastly, if you have not renewed your membership, please do so. Your membership allows Peninsula Chapter to continue to do its work in keeping trails open and providing educational programs for our membership.

Keep warm and I hope to see you at our monthly chapter meetings.

Theresa Percy

President

**(If you would be willing to "give it a try" and take on a small "job" get in touch with Theresa Percy or Pat Cosner . Thank you!)*
