

Attention Peninsula Chapter: There are several checkpoints along the course runners go through. We man the one at the Dan Kelly Trailhead. We set up a wall tent with woodstove. We put a big rain fly on tent that extends the front by about 20 feet. Then we have hot and cold drinks, chairs and many goodies, fruit for runners to grab and go with.

Volunteers are needed prior to the event, things like baking & Food stuff, or on the day of the event. An hour or two, or the entire day, come cheer the teams on to glory.

Please call Linda Morin @ 360-775-5060, and she will let you know how you can help. Thank you in advance for your participation.
