

## Work Party, Miller Peninsula State Park

May 9, 2022

A huge "Thank You" goes out to all of the Peninsula Chapter members who turned out to improve the parking area at the Miller Peninsula Trailhead on Monday, May 9<sup>th</sup>! Workers brought wheelbarrows, shovels, and rakes, and the job was done in an amazingly short time! Thanks goes to: Laurel Cripe, Nancy Scott, Leif Hoglund, Kristin Phillips, Rick and Suzanne King, Judy Dupree, Linda Morin, Juelie Dalzell, Kayla Kosel, Larry Sammons, and Jim and Donna Hollatz. Many hands make light work!

Bark and duff were removed from the north edge of the parking area, down to mineral soil. A State Park dump truck brought 20 yards of gravel to spread, making room for about 4 more horse trailer riggs to park. The Park then brought in a compactor to finish the job. Check out the results the next time you get out to Miller. Thanks to Ranger Jake Ellis for these fine photos.
